SUBJECT: Weekly Activities Report #51
15 - 21 December 1960SIGNIFICANT ITEMS

Nothing to report

OTHER ACTIVITIES

a. As of 19 December [REDACTED] had departed on leave to continue until 9 January. I am informed that [REDACTED] has had a conversation with [REDACTED] of the Out Placement Branch. I know nothing of the substance of this conversation although I believe [REDACTED] return on 9 January we must decide on his future assignment.

b. At the regular meeting with [REDACTED] on December 20th it was agreed that a meeting would be convened consisting of representatives of the FI Staff, OTR and the DDP Training Officer to discuss the [REDACTED] proposal for revision of the S&T Operations Course. This meeting has been scheduled for December 28 and Mr. [REDACTED] and I will attend. In the meantime, a short memorandum has been prepared for DTR's signature, addressed to the DDP Training Officer, suggesting that the OSI be invited to attend this meeting. The memorandum should be in the DTR's office this afternoon.

c. On 20 December I viewed the second commercial film suggested by [REDACTED] OCR/Graphics as a possible useful training tool. The picture entitled "Heroes Die Young" was completely unsatisfactory being a Hollywood treatment of the Ploesti raid.

d. The schedule for the Operations Course at [REDACTED] is being modified slightly in order to provide time for the students to consult with the JOTP on their future assignments. The Operations Course will be conducted on Saturday, 14 January, in order that the students may have the benefit of a long weekend on 21, 22, and 23 January at which time they will be in contact with Dr. [REDACTED] and his Staff.

e. The proposed revision of the CI instruction in the Operations School which has resulted from the several meetings between [REDACTED] and members of the CI Staff has been forwarded for approval. This new approach separates the Familiarization Phase from the CI Operations Phase and appears to be a sound solution to the problem of giving indoctrination to neophytes in the CI field with another mechanism which will provide advanced training to the more experienced officers. Your approval is recommended. F
